## GOVERNMENT STATES PRESENT ATTITUDE IN COAL TROUBLES

“Stand Pat” Pending Outcome of Work  
in Mines Under Federal Protection—Dis-  
tribution Planned—Amicable Settlements  
Appear Impossible—Two Weeks’ Supply

### THE COAL SITUATION AT A GLANCE

The Government apparently was prepared to “stand pat” for ten days or two weeks to ascertain if sufficient coal will be mined under guarantee of federal protection to assure full requirements of essential industries.

Secretary Hoover called a meeting of representatives of coal producing districts to discuss a proposed rationing plan.

Senator King proposed creation of a commission of five to investigate the controversy and report its findings.

No immediate attempt will be made to re-open the Indiana mines, operators meeting with Governor McCray decided.

Secretary Hoover’s plan for emergency coal distribution was said to contemplate organization of a central committee to act thru local committees in the coal producing centers.

WASHINGTON, July 21.—The government is prepared to “stand pat” for from ten days to two weeks in its attitude toward the coal strike, it was indicated today, in order to ascertain if sufficient production will be obtained thru the re-opening of bituminous mines under guarantee of federal protection to assure the fuel requirements of essential industries.

Meantime plans for distribution of the curtailed supply of coal are to be pushed, it was said. Secretary Hoover announced tonight that he had called a meeting here next Monday of representatives of producing districts in Pennsylvania, West Virginia, Tennessee, Kentucky, Alabama and Virginia to discuss the proposed “rationing” plan and to formulate a policy designed to restrain profiteering.

While all three parties to the recent conferences in Washington—the government, operators and union—seemed satisfied that the situation was hopelessly deadlocked, a new move for restoration of peace in the coal fields was seen in the resolution introduced in the senate today by Senator King, Democrat, Utah, who proposed creation of a commission of five to investigate both sides of the controversy and report its findings.

## RAIL SITUATION AS REPORTED BY VARIOUS CITIES

Conditions Grow More  
Acute as Trains  
Cease Running

TRAVERSE CITY, Mich., July 21.—Rationing of food supplies is being planned here owing to the strike situation. Merchants are already limiting purchases of sugar.

U. P. Negotiating  
Omaha, Neb., July 21.—The Union Pacific railroad is carrying on negotiations with maintenance of way men regarding wages although no agreement has been received. William Jeffers, general manager said today.

Delays in Michigan  
Manistee, Mich., July 21.—This city’s isolation, due to the railroad strike, will end tomorrow, when the Michigan & Northeastern plans to place in operation a train to connect with Pere Marquette trains at Keweenaw. Newspapers were delivered here today 36 hours after they were published.

Stand by Agreements  
Philadelphia, July 21.—A statement issued by W. W. Atterbury, vice president in Chicago of the operation of the Pennsylvania railroad, to all employees today, notified them that the company intends to stand by the agreements reached between the elected representatives of the employees and the management. The federal court of appeals at Chicago yesterday decided against the company in its dispute with the railroad labor board.

Clerks May Strike  
Chicago, July 21.—Hope of averting a strike of 7,300 clerks of the Chicago & Northwestern road rested on the result of conferences tomorrow between George A. Worrell, chairman of the clerks’ organization on this road, J. H. Sylvester, vice president of the union and W. L. McMenimen, labor group member of the labor board.

The conference was arranged after a three day conference between road officials and union officers which was unsuccessful in obtaining a satisfactory agreement. Mr. McMenimen said to-

## WALL STREET’S MOST STRIKING MAN BANKRUPT

Allan A. Ryan Files  
Voluntary Petition—  
No Comment Made

By Associated Press.  
NEW YORK, July 21.—Allan A. Ryan, generally regarded as one of Wall Street’s most spectacular operators during the “war boom” period and the son of Thomas Fortune Ryan, from whom he has been estranged for years went bankrupt today, listing his liabilities at \$32,435,477 of which \$27,806,984 are secured claims and his assets at \$643,533.

His voluntary petition in bankruptcy, which comes as a startling climax to one of the stormiest careers of the present generation, indicates the wiping out of a fortune variously estimated from \$5,000,000 to \$30,000,000.

Wall Street, which began to count young Ryan out as soon as he was expelled from the New York Stock Exchange on June 23, 1920, following his sensational “corner” of Stutz motor stock, neverless was shocked by the immense amount of liabilities which he had assumed.

Neither Ryan nor his attorney George F. Lewis, would comment on the bankruptcy proceedings, beyond stating that “the schedule tells the story.” The schedule lists the assets and liabilities of Allan A. Ryan, personally and the firm of Allan A. Ryan and company which he was president.

Ryan’s greatest exploit was the sensational corner of Stutz motor stock, which with his resultant expulsion from the stock exchange, is held by his friends to have been directly responsible for his financial ruin. In the early part of 1920, stock of the Stutz motor company, of which Ryan was then president and a director, began to underperform the market. Ryan, before many weeks had passed, Wall Street found that an apparent corner existed and that thousands of shares had been sold “short” with no prospect of “coverings.”

Ryan and his associates are alleged to have bought 31,000 shares of stock for themselves during March and to have used the alleged corner to force up the price of the stock until it had reached \$39 a share. On March 31, trading in Stutz motors was suspended and an indefinite moratorium was declared, in which there could be no calls for delivery of shares. Later at the request of Mr. Ryan, the stock was stricken from the list.

## CHICAGO JUDGE GOES SOLOMON ONE BETTER

By The Associated Press.  
CHICAGO, July 21.—John Haas was restrained by court order today from “visiting, seeing, talking to or riding with any woman in the world except his wife.” Another injunction restrained Haas’ mother-in-law from “visiting, talking with, or in any way interfering with the domestic happiness or conjugal felicity” of Haas and his wife.

The restraining orders followed a reconciliation after Mrs. Haas had sued for divorce. She claimed her husband would not forget other women. He said his mother-in-law caused the trouble.

## Condensed Telegraph News

(By The Associated Press)

Chicago, July 21.—Representatives of trades, professions and industries concerned in the use and distribution of lumber met here today with lumber producers. The general purpose of the conference is declared to be to clarify and modernize trade practices in relation to lumber dimensions, grades, national inspection and grad. markings.

New York, July 21.—Thirteen more ships with an aggregate capacity of 90,000 tons were chartered today to import coal from Europe because of the coal strike. A. D. Lasker, chairman of the shipping board said today.

Cleveland, July 21.—The “Big four” railroad brotherhoods today began to demand their representatives in Washington, a campaign to urge on congress the advisability of returning to the old system of settling labor troubles, claiming that the present railway strike situation never would have occurred under the system of handling disputes with railway executives directly, as in force before the passage of the transportation act.

Chicago, July 21.—Chief of police Fitzmorris today refused to become chairman of the city morals commission or to be even a member of it. He denounced as untrue charges that open vice and gambling exist here. The chief said that work with the morals commission would be simply a duplication of the work he does.

Washington, July 21.—The war department announced today that rifle teams would be selected from the men under training in the citizens military training camps by each of the nine corps area commanders to compete in the national rifle matches to be held at Camp Perry, Ohio, September 2-28.

Washington, July 21.—Central European countries are facing a wheat shortage this year of approximately one hundred million bushels according to a radiogram received today by the commerce department from Alfred Dennis at Berlin who has been making a special survey of the food stuffs situation abroad.

Washington, July 21.—Prospects for the coming harvest in Russia are “excellent,” Secretary Hoover was advised today by former Governor Goodrich, of Indiana, who has just completed a survey of the crop situation in the famine areas of soviet Russia for the American Relief Association.

Belfast, July 21.—It is reported that the irregulars have blown up the Ballycotton pier in East Cork. They also are said to have evacuated Roche Point in Cork Harbor.

Miami, Fla., July 21.—The British government asked the United States to investigate the killing of Captain George Edgecombe, colors master of the schooner William H. Albury, according to information received today by Lieutenant Colonel Jenkins, vice consul here.

The Albury was held up and robbed yesterday near Gun Key, her master, a resident of the Bahamas, being killed when the schooner was boarded by the holdup men.

Cincinnati, July 21.—A national defense fund not lower than \$75,000 and a maximum of \$150,000 was endorsed today by delegates attending the convention of the International Electrotypes and Stereotypers’ union. The delegates also adopted a strike and lockout fund of \$15 a week and \$8 for registered apprentices.

Mitchell, S. D., July 21.—Miss Alice Lorraine Daly, non-partisan league candidate for governor, today wired President Harding asking that the government take over the coal mines and railroads and pay the strikers the wages they demanded.

If the president takes this action Miss Daly promised in her wire “the farmers and workers of the middlewest will support you to the last man.”

Chattanooga, Tenn., July 21.—While official statement of the result of the state ballot, counted last night and today has been withheld, it was stated tonight that the clerks of the southern railway system had voted 87 per cent to walkout as a protest against a wage reduction.

## WANT LEGISLATIVE ACTION TO PERMIT MINES TO OPERATE

Head of Illinois Manufacturers Association Urges Special Session

(By The Associated Press)  
CHICAGO, July 21.—A special session of the Illinois legislature to consider means for relieving the coal shortage in this state was urged today by Herman H. Hettler, president of the Illinois Manufacturers’ association.

“Illinois is badly in need of coal,” declared Mr. Hettler. “Unless the mines can be re-opened shortly industries will lack fuel for power. There is only one thing to do. That is to call a special session of the legislature immediately to take action on a permit Illinois mines to operate. Under the present mining laws, workmen are not allowed to enter the mines without a certificate from the state board. The session should repeal those laws, as well as insure protection to the miner willing to work.”

Quick Action Urged  
CHICAGO, July 21.—The Illinois Chamber of Commerce today sent a letter to Governor Small urging him to “demand” that the president of the Illinois Federation of Miners and the heads of the various associations of Illinois operators “meet within a certain specified time (not exceeding 48 hours) and begin negotiations for the re-opening of the mines.”

The letter further urged Governor Small to “demand” that the operators and miners either submit their differences to arbitration or reach a permanent or temporary agreement whereby the mines may be opened by August 1.”

In the event that both of these expedients fail, the governor is urged to call a special session of the legislature to repeal the law of July 1, 1913 and to take other steps necessary to remove all restrictions standing in the way of a resumption of coal mining. The communication asserted that under the law of July 1, 1913, “it is impossible for any one not a member of the United Mine Workers to secure a certificate of competency allowing him to work in Illinois mines.”

The Chamber of Commerce pledges the governor its assistance in carrying out the program recommended.

## MODIFIED VOLSTED ACT IS WANTED BY WISCONSIN LABOR

On Record Unanimously for Light Wines and Beer

(By The Associated Press)  
OSHKOSH, Wis., July 21.—The Wisconsin Federation of Labor today went on record as unanimously in favor of modification of the Volsted act to permit manufacture and sale of light wines and beer, at the closing session of a four day convention. Superior, Wis., was selected as next year’s convention city, and among officers chosen were:

General organizer, Henry Ohl, Jr., Milwaukee.

Secretary, J. J. Handley, Milwaukee.

The convention went on record as opposed to the sales tax and as favoring a soldier bonus to be raised by higher income and inheritance taxes.

Another resolution adopted asked that all courts be prohibited from declaring any acts of congress or state legislatures unconstitutional and that legislatures be given authority to pass laws interpreted by a court in conflict with the intent of the legislative body that passed the law. Another resolution approved a plan for amalgamation of trade unions into industrial unions in a manner that would not result in disruption or loss of members to any organization.

## BIG COAL OPERATORS CONFERENCE MONDAY

(By The Associated Press)  
KANSAS CITY, Mo., July 21.—The two hundred members of the Southwestern Interstate Coal Operators’ association will confer Monday on the policy of President Harding to open the mines under government protection. This was decided today at a meeting of the board.

W. L. Johnson, general commissioner, said the board of directors was unanimous in its decision to back up the president’s policy.

## GIVES UP ATTEMPT TO SWIM CHANNEL

Winnipeg, Man., July 21.—John Bracken, president of Manitoba Agriculture College today was chosen by the farmer-elect of Manitoba as their leader, and consequently the next premier of the province. Mr. Bracken has accepted.

## EXECUTIVE HEAD OF KANSAS HAS BRIEF RESPIRE

No Indication He Will  
Withdraw from Position Taken

(By The Associated Press)  
TOPEKA, Kans., July 21.—Judge J. A. McDermott of the Kansas industrial court, left on an afternoon train for Emporia to investigate the William Allen White case, from the governor’s office it was announced that there was no change in the state’s plans to arrest the Emporia editor for his alleged violation of the industrial court act in posting placards encouraging the striking railroad shopmen. The only reason for postponement of action, it was said, was to determine a plan of campaign.

It was understood that Judge McDermott had a complaint against White with him and that his instructions were that, if White took down the offending sign, no attempt should be made to arrest him. If he did not, McDermott was to file the information with County Attorney Boynton.

Sign Still Up.  
Late information from Emporia was to the effect that the yellow card which caused the break between White and Allen is still in position, but White has not changed the “50 Per Cent Sympathy” for the railroad men. Yesterday the sign was changed from 45 to 50 per cent.

From Emporia came word that White, life long friend of Governor Allen, was disappointed at the delay. In an article in tonight’s issue of the Emporia Gazette, White says:

“All day the editor of the Gazette has been sitting up, dressed for the occasion. Occasionally a box of flowers would come in. He got his last communion from Henry Ganness, his attorney, and sat singing pious hymns, waiting for the procession to start. He had a dying statement written and put in type and was in a beatific frame of mind, when the notice came that a reprieve had been granted until Sunday. The notice that Judge McDermott was coming to Emporia under a flag of truce sent the Gazette man into his bomb proof abode, with his gas mask on and his tin hat over his eyes.”

Gets K. K. K. Warning.  
Governor Allen today received a warning over the signature “K. K. K.” advising him to reform in regard to his interpretation of the industrial court act. The letter, which bore a Wichita postmark, read as follows:

“We wish to state to you in the name of the law by the people and for the people that the merchants of Wellington, Arkansas City and all of Kansas will hold up for the strikers and the rights of the good people of this country. We advise you to reform.”

## SOUTH CHINA HOPES LOST THRU DEFEAT

(By The Associated Press)  
CANTON, China, July 21.—Sun Yat Sen’s forces in Northern Kwangtung, on whom the deposed president of South China has been pinning his hope of regaining power, have been defeated and are in retreat pursued by the troops of Chen Chiang-Ming who overthrew Sun, according to advices received today from Shu Chw.

The report of Sun’s defeat came from General Yeh Chu, commanding Chen’s troops in northern Kwangtung. Yeh Chu said he had engaged the deposed president’s northern army around Shu Chow and had driven it back 20 miles, capturing three guns and a large quantity of arms and ammunition.

He reported several hundred of Sun’s troops had been killed.

## SUPPOSED BABY A BOTTLE OF HOOSH

(By The Associated Press)  
NEW YORK, July 21.—David Ferber wheeled his baby carriage down the street today and had so many men looking under the top to see what it contained that police were suspicious. They also looked in, took David to the police station and there told the lieutenant that while Ferber had a carriage and a bottle, he had no baby.

He was selling liquor out of the bottle at fifty cents a lick, they declared, so he was taken to court and held in \$1,000 bail for the grand jury on a charge of violating the prohibition laws.

## DEMANDS JURY TRIAL GETS LONG SENTENCE

Chicago, Ill., July 21.—Charles Whittman and two of his friends were arrested here recently, charged with robbery. Whittman’s friends stood trial without jury, were found guilty and sentenced to from three to life imprisonment in the state prison.

But Charles demanded a jury trial. He got it, and today was sentenced to from ten years to life in Joliet prison.

## EACH SIDE FIRM AS RAIL STRIKE GOES INTO FOURTH WEEK

Chairman Hooper of Labor Board to Confer  
With President Harding—More Roads Announce WHI Seek Separate Agreements  
—Jewell Says “Everything Looks Fine”

### THE RAILROAD SITUATION AT A GLANCE

(By The Associated Press)

Chairman Hooper of the labor board was called to Washington to confer with President Harding on the shopmen’s strike.

Attorney General Daugherty conferred with Senator Borah and Senator Cummins regarding the strike and possible legal action.

B. M. Jewell, head of the shop crafts, sent a telegram to R. A. Henning, St. Paul union chairman, asserting that only a national settlement will be considered.

Other railroads followed the lead of the Baltimore & Ohio in requesting separate settlement of the strike with their men.

Secretary Davis and W. L. McMenimen, labor member of the board, will confer on the strike situation at Mooseheart today.

CHICAGO, July 21.—Chairman Hooper of the railroad labor board was on his way to Washington tonight for a conference with President Harding which administration officials hoped would be the basis for peace negotiations in the national railway shopmen’s strike.

The third week of the walkout ended tonight with rail executives and union heads firm in their respective positions. With the newest peace activities centered at Washington, Attorney General Daugherty held conferences at which the possibility of legal action in both the rail and coal strikes was discussed, altho it was said no immediate proceedings were contemplated.

While the administration was preparing to exercise its influence to bring peace, additional carriers today followed the lead of the Baltimore & Ohio road and announced that separate peace agreements with their men would be sought. It was learned that the feasibility of seeking separate agreements was one matter discussed at conferences between Chairman Hooper and rail executives here a few days ago.

While B. M. Jewell, head of the shop crafts employees, previously stated that any agreement must be on a national basis, he has not commented on recent moves of the carriers for separate negotiations. He indicated definitely tonight that separate agreements would not be considered when he wired R. A. Henning of St. Paul, general chairman, denying statements that he asserted that he was ready to negotiate with individual roads.

Except for announcing the telegram, Mr. Jewell’s only statement tonight was that “everything looks fine.”

W. L. McMenimen, member of the labor group of the labor board, announced tonight that he will go to Mooseheart tomorrow to confer with Secretary of Labor Davis regarding the strike. Mr. Davis extended the invitation for the conference.

Grand Lodge officers of the maintenance of way organization meeting in Detroit decided that any road failing to hold conferences with maintenance of way men to adjust differences of wages will face a strike on the individual road.

The labor board has referred the wage matters back to the roads and unions and has directed that the disputes be brought to the board in case an agreement is not reached.

Replying to assertions of union officials that the question of establishing national adjustment boards is holding up a peace settlement, William H. Finley, president of the Chicago and North Western asserted in a statement tonight that there is no connection between the present strike and the boards of adjustment.

“It is merely an attempt of persons without a just cause to introduce purely irrelevant matter,” he said and pointed out that this question was not involved in the strike at its beginning and that the railroads have not been asked to agree.

Conferences continue today between union officers and road executives of the Chicago and Northwestern in an effort to reach an agreement and prevent the walkout of 7,300 clerks. This strike has been sanctioned but negotiations have been underway for the past three days to prevent the walkout.

President Gompers of the American Federation of Labor today advised the government to urge the strikers and the executives to hold conferences as a means to settling the dispute. He asserted that conference is the one thing that is needed.”

The Pennsylvania railroad announced its intention of standing by agreements reached with its employees despite the fact that the federal court of appeals decided against the company in its dispute with the labor board involving employee representation laws.

There was much show of emotion at the conference table as the delegates put their signatures to the settlement of the controversy which for 40 years kept Chile and Peru at swords point.

## GENERATION-OLD QUARREL HAS BEEN SETTLED

Chile and Peru Sign  
Protocol in Tacna-  
Arica Dispute

(By The Associated Press)  
WASHINGTON, July 21.—Chile and Peru consummated here today their agreement to submit their generation-old quarrel over Tacna Arica to the arbitration of President Harding.

The arbitration protocol and its supplementary act, the fruition of ten weeks’ negotiations conducted in Washington on the invitation of President Harding were signed by the plenipotentiaries of the two governments in the Hall of the Americas in the Pan-American Union amid the applause of a distinguished assemblage of diplomats and officials of the United States. Then they were announced to the world in a series of addresses, hailing the settlement as an epochal achievement in Pan-American conciliation.

All Parties Pleased.  
In turn the spokesmen of Chile, Peru and the United States expressed in solemn terms their deep gratification at final effacement of the problem which for so long has been a thorn in the side of international relationships in the western hemisphere. Secretary Hughes, speaking for the American government, predicted the accord would be the greatest accomplishment of this generation in the direction of peace and good understanding in the new world.

When the final session was ended, the Chilean and Peruvian delegates called at the White House to thank Mr. Harding for bringing them together and to receive his assurance that he would accept, with a deep sense of responsibility his designation as final arbitrator of the dispute.

Ratification Next.  
The next step will be ratification of the two instruments signed today, but the plenipotentiaries are leaving Washington confident that their work will find ready approval at home. Actual arbitration will begin after ratifications have been exchanged, probably late this fall.

There was much show of emotion at the conference table as the delegates put their signatures to the settlement of the controversy which for 40 years kept Chile and Peru at swords point.

**A THOUGHT**

Be sure sentence against an evil work is not executed speedily, therefore the heart of the sons of men is fully set in them to do evil.—Ecclesiastes 8:11.

He stood upon the world's broad threshold; wide  
The din of battle and of slaughter rose;  
He saw God stand upon the weak-  
er side,  
That sank in teeming loss before  
its foes.  
Many there were who made great  
haste and sold  
Unto the cunning enemy their  
swords;  
He scorned their gifts of fame and  
power and gold,  
And underneath their soft and  
flowery words  
Heard the cold serpent hiss; there-  
fore he went  
And humbly joined him to the  
weaker part.

—James Russell Lowell.

Some auto visitors to the city yesterday complained about the rough approaches from the east and south. Unfortunately the complaints were well founded, and fortunately plans are well developed for improving this situation, at least in part. There is every prospect that the roadways from the east into Jacksonville will be in proper and fit condition before the weather comes. South Jacksonville is beset with numerous holes but that is not a matter

IN clubs and grills the toppers wait  
Because they cannot still obtain  
Their whisky, beer and wine and ale  
As when the land was wet as rain.  
"Ah, well," they say, "this thing will wane  
In time we'll have the hooch we lack."  
But though they talk in such a strain,  
John Barleycorn ain't coming back.

THOUGH you "can get it," sure enough,  
If you will pay four prices for it,  
It's terrible man-killing stuff  
And folks with any sense abhor it;  
Adown their throats the old saks pour it,  
But not with any joyous snack.  
It is a fact, though some deplore it,  
John Barleycorn ain't coming back.

FOR even bootleg hooch grows less  
And worse as weeks and months go by;  
In spite of hopes the saks express,  
The country's slowly getting dry.  
The wets may grumble, moan and sigh  
With thirty tongues that parch and crack,  
But here's the answer to their cry,  
"John Barleycorn ain't coming back!"

over which Jacksonville has juris-  
diction. In the course of another  
year it is the hope of residents  
there to have a hard road and so  
they naturally feel that they  
would not be justified now in  
spending much money in work  
upon South Main street.

Thirty boys will go to the  
Mercedosia camp Monday and thru  
the offices of the Social Service  
league and supporting friends  
will spend a week there. Without  
this plan most of these boys  
would be entirely unable to have  
such an outing. The cost is only  
\$5 per boy for the week. Surely  
those who aided in this project  
are making a worth while invest-  
ment—one that is very certain to  
bring its good returns.

**DON'T WORRY ABOUT  
YOUR COAL SUPPLY.**

The coal mining situation is  
bad enough but there really is  
not much use of getting panicky  
at this time. It is true that under  
normal conditions there is a con-  
siderable movement of coal to  
northwestern territory in July  
and August, but comparatively  
little moves during those months  
to Illinois private consumers or  
those in states of like climate.

Assume that on some basis  
mining operations are resumed in  
the course of the next two or  
three weeks, and unless weather  
conditions are far from normal,  
production can certainly catch up  
with consumption in a manner to  
prevent any special suffering or  
privation.

During the war time a great  
many new mines were sunk and  
it is a fact that now the mining  
resources of this country when  
working on full time can more  
than take care of any normal de-  
mand. There is no likelihood of a  
demand for coal from manufac-  
turing plants this winter like that  
prevailed in the very active pe-  
riod of two or three years ago, so  
that the chances of the private  
consumer of getting his coal are  
not at all bad.

**TARIFFS AND REVENUES**

"Nearly \$2,500,000,000 of cus-  
toms revenues from Republican  
tariff laws in eight years, compar-  
ed with less than \$2,000,000,000  
from the Democratic law in a like  
period," is the Republican Publi-  
city Association's statistical answer  
to Senator King's (Utah) state-  
ment that—

"The policy of the Republican  
party is to derive but little reve-  
nue from the tariff by cutting off  
importations, in order that the  
domestic manufacturers and pro-  
ducers may have a practical mo-  
nopoly of the domestic market."

"These figures," says the Asso-  
ciation, "are given in the U. S.

**NO WABASH TRAINS  
RUN TO HANNIBAL**

Attitude of Citizens There Results  
In Drastic Action By The Rail-  
road.

Because of the attitude of some  
Hannibal citizens toward the rail-  
way shoppens' strike, the Wabash  
has discontinued all service into  
that city. Notice was issued yester-  
day that tickets will not be sold  
to Hannibal and that freight can  
not be received for that point.

As a result of this order, Train  
No. 9, which arrives here at 12:30  
p. m. from the east, has been an-  
nulled, as well as No. 28 due here  
at 12:15 a. m. from the west.

The other Wabash passenger  
trains passing thru Jacksonville  
will go to East Hannibal and  
thence to Quincy. It is said that  
the railroad workers in Hannibal  
have such a friendly following  
there that the merchants would  
make no sales of food or clothing  
to any strikebreakers. This fact  
and some other features of the  
situation resulted in the decision  
of the railroad officials to discon-  
tinue all service to Hannibal.

The order issued from the di-  
vision superintendent's office cov-  
ering the matter reads as follows:

Effective with trains due to leave  
terminals Friday, July 21st, and un-  
til further notice, No. 9, Decatur to  
Moberly, and No. 28, Kansas City  
to Decatur, are annulled.

Effective Saturday, July 22nd,  
and until further notice Trains 3, 4,  
12 and 13 will operate direct to and  
from Quincy via East Hannibal and  
will not go into Hannibal.

Also effective July 22nd, No. 31  
will depart from Quincy 5:00 a. m.  
and No. 35 will depart from Quincy  
5:30 p. m.

Arrange accordingly notifying all  
concerned including local postmas-  
ters, local express agents and trav-  
eling public, giving the information  
to the local newspapers for infor-  
mation all concerned.

L. W. Carnes,  
Superintendent.

**TAKING A CHANCE**

Chang Shu Yik, Chinese neuro-  
logist, writes: "Americans seem  
obsessed with a desire to live  
longer than nature wants them to.  
Whenever a medical special-  
ist advances a theory about how  
to ward off old age, he instantly  
sweeps the popular imagination.  
Just now, it is monkey glands.

"But, mark this: Even if the  
white doctors found a formula for  
eternal youth, no one would ob-  
serve the rules. They would not  
pay the price, for the Americans  
live in the NOW, and give little  
thought to the future."

Dr. Royal S. Copeland, New  
York City's health commissioner,  
says that he knows how to live to  
100 years, but is not living up to  
the rules.

The man with a weak and  
treacherous stomach knows what  
foods he should avoid, and he  
avoids them—until he really  
wants them.

All of us know that over-eating  
makes us wretched in hot weath-  
er. But we go ahead and over-  
eat.

All of us know that moderate  
success requires only the simplest  
rules of old-fashioned thrift and  
general personal restraint. Yet  
most of us ignore the rules.

Nearly all our troubles and dis-  
tresses result from doing what  
we know we should avoid. In  
principle, we are like the man  
who, afraid of wood alcohol,  
nevertheless takes a chance with  
a bootlegger.

We usually are unwilling to pay  
the price for what we want most.

**MURRAYVILLE MAN  
INJURED BY FALL**

E. P. Sooy Fell From Wagon Fri-  
day Afternoon and Sustained  
Painful Injuries.

E. P. Sooy who resides east of  
Murrayville sustained painful in-  
juries about 6 o'clock Friday aft-  
ernoon when he fell from a wag-  
on at his home.

Mr. Sooy had been working in a  
stubble field and his shoe soles  
were worn smooth on this account.  
He started to climb into the wag-  
on and his foot slipped from the  
wheel. In the fall Mr. Sooy  
struck his back upon the brake  
and a very painful injury result-  
ed.

Dr. R. B. Jones of Woodson  
was called and upon examination  
found that the injury was not a  
serious one. It was at first fear-  
ed that some ribs were broken  
but this did not prove to be the  
case.

that built bone and muscle and brain!

Children brought up on a diet of denatured foods  
that flood the American table, must become puny and  
stunted individuals! Food robbed of its life-sustaining  
elements cannot produce health and strong bodies!

Every child in America should eat Kellogg's whole-  
wheat Krumbles at least once daily. Krumbles put  
into the body ALL the vital elements subtracted from  
the daily foods we eat! Krumbles are life-sustaining,  
body-building, health-assuring! And Krumbles are  
delicious—because they are whole-wheat, flavored  
for the first time in history!

Your entire family—children, the workers and the

# Goodrich announces new tire prices —lowest cost mileage ever known

Effective July 20th, Goodrich establishes a revised price list that is a base line of tire value.

It gives the motorist the buying advantage of knowing that whatever size tire he selects is of the same quality—the Goodrich one-quality standard.

It gives him the longest mileage, the most satisfactory service and the highest quality his money can buy. Results will prove that it is impossible to buy tire mileage at lower cost.

Think of being able to buy

# Silvertown Cords

at such prices as these:

SIZE	BASE LINE PRICE	SIZE	BASE LINE PRICE
29x3 1/2 Cl.	\$13.50	34x4 S. B.	\$30.85
31x3.85 Cl.	15.95	32x4 1/2 S. B.	37.70

VIOLATE BATHING ORDINANCE; FINED

Chicago, July 21.—Attorneys for four chorus girls arrested at a beach for violation of the city's bathing suit ordinance argued that the girls wanted more freedom for swimming. But Police-woman Mary Becker testified that on the day the girls were arrested they did not go in the water. So the attorney for the defendants withdrew his argument.

The girls were fined \$25 each and costs. Their offer to disprove themselves in court in their bathing suits was rejected.

AIRCRAFT ARTILLERY ORDERED TO ENTRAIN

(By The Associated Press)  
JOPLIN, Mo., July 21.—The entire 203rd artillery anti-aircraft regiment, Missouri National Guard, today, received orders to entrain for Macon, Mo., at noon tomorrow, according to information received here tonight. The 203rd regiment had located here (Mo.) was ordered to entrain.

Orders received by officers of the local battery did not specify the duty for which the regiment was being called, according to Captain Richard Newbruger.

Reports were current in guard circles at Carthage tonight that the regiment's destination was in Henry county, near Clinton, Mo., for strike duty in the coal mining district. These reports were not confirmed.

COOK COUNTY FAIR MUST CHANGE NAME

(By The Associated Press)  
CHICAGO, July 21.—The great Chicago-Cook county fair will have to change its name to the Great Chi-Cook County Fair association according to a ruling in superior court today.

Former Governor Dineen, counsel for the Cook County Fair association, which will give an annual fair at Palatine, Ill., sought a writ of injunction against the Chi-Cook association which expects to open its annual exhibition at Checker Board Field August 27, with President Harding as the guest of honor.

Counsel for the opposing sides effected a compromise, and requested the court far the ruling agreed upon.

JURY IS SECURED TO TRY "BIG TIM"

(By The Associated Press)  
CHICAGO, July 21.—A jury was obtained today, after five weeks of questioning of more than 1,300 veniremen, to try the charges against "Big Tim" Murphy, Fred Mader, Cornelius Shea, Daniel McCarthy and John Miller, labor leaders. Trial of the five men on charges of conspiracy in the murder of policeman Terrence Lyons last May will be begun immediately it was announced.

Attorneys for Miller, alleged to have been the driver of the car from which Lyons was killed, asked that the confession of their client be excluded from evidence, on the ground that it was forced from him by police.

Direct evidence will not begin until next Monday, it was announced.

PRESCRIPTIONS BEING USED SECOND TIME

St. Louis, July 21.—Evidence that whiskey prescriptions are being used the second time here has been uncovered by special agents of the internal revenue department it was announced today. An enforcement agent who recently resigned, has been questioned, but denied knowledge of the matter, it was added. The system is to erase the original druggist's name and write in another, it was explained.

EACH SIDE FIRM AS RAIL STRIKE GOES INTO FOURTH WEEK

(Continued from Page One.)  
No serious strike disorders were reported today.

**Seek Separate Peace**  
The Carolina, Clinchfield and Ohio railroad was among the lines attempting to deal separately with striking shopmen and the Chesapeake and Ohio announced it was "always willing to meet with representatives" of the shopmen but had received no invitation. The Great Northern railway it was said, has started formation of a new shop workers' organization.

E. J. Marion, head of the railroad telegraphers' union, offered first substantial support to the strikers when he issued an appeal to his men to donate one day's pay to the striking shopmen and miners.

Additions to the strikers' ranks included maintenance of way men on the Pennsylvania road between Portage and Altoona, Pa., and strike ballots were sent to 250 clerks and freight handlers of the Tacoma division, of the Chicago, Milwaukee and St. Paul road.

Many additional trains were annulled and some roads were refusing freight shipments of a perishable nature.

STERLING-FARRINGTON CONFERENCE DELAYED

(By The Associated Press)  
SPRINGFIELD, Ill., July 21.—The conference which acting Governor Sterling planned to hold today with President Frank Farrington of the Illinois miners relative to opening Illinois mines has been postponed until next week.

Mr. Sterling announced tonight. The acting governor was to leave at midnight for his home in Rockford and said he would not return to Springfield until early next week. President Farrington was due to arrive here from Chicago at 10:45 o'clock tonight. This would not give time for the contemplated meeting, so the acting governor decided to wait until next week.

Mr. Sterling talked today with a number of Illinois operators, he said. The mine owners declared they were "fully ready to co-operate in any way to get the mines opened, but were unable to obtain the necessary workmen."

occurred last Sunday, and who succumbed to the frailties of old age at 2:15 p. m., Wednesday. He had been an invalid for two years. He was born in Summer, Pulaski County, Ky., coming to the vicinity of White Hall in 1860. In 1862 he enlisted in Company G, 5th Illinois Infantry, and served until June 14, 1865, when he was mustered out as sergeant, being one of the many southerners of Kentucky who participated in the cause of the Union.

After his return from the war he and Miss Mary E. Walker were married, and soon thereafter they located in Scott county, where the family remained for a number of years, and where the wife died more than thirty years ago, the remains of whom, with three sons, lie in the Joubert cemetery. Mr. Denham afterwards returned to White Hall, giving up farming operations for carpentering and he was again married being survived by the widow and six children, the latter being as follows: William W., Frank L., and Mrs. L. W. Ballard, White Hall; G. R. Roswell, New Mexico; Mrs. E. W. Raines, Portland, Oregon; and Mrs. Nieta Mertz, San Leandro, Calif. The deceased was a member of the G. A. R. and the Masonic fraternity thru a long period of years, and his death leaves twenty surviving members of Culver, G. A. R., post of White Hall, a most remarkable showing among posts of this section of the country.

Funeral services in the home were conducted by Rev. Lee A. Hanchett, pastor of the Presbyterian church at 10 o'clock a. m., Friday, and the remains were taken overland to Scott county for interment in the Joubert cemetery. The two brothers, Henry A., of White Hall and G. B., of Canton, were present, but a sister Mrs. W. A. Stone, residing in St. Louis, did not get here.

Mr. and Mrs. Grant Foreman sailed from London today for America on their way home from a world journey of a year. It will

## CARDS MADE IT THREE STRAIGHT FROM BRAVES

Home Run By Fournier With the Bases Full in Eighth Brought Victory to the Fast Stepping Cardinals.

ST. LOUIS, July 21.—Fournier's home run with the bases full in the eighth gave the Cardinals a six to one victory over Boston. It was the third straight for St. Louis over the Braves and moved them to within .004 of the league leading Giants. The Braves hit Doak, Barfoot and North safely 14 times and drew six bases on balls but had 12 men left on the sacks.

## CHICAGO SHUT OUT BROOKLYN 1 TO 0

Alexander Batted "Dutch" Reuther in a Great Pitchers' Battle—Game Lasted Only One Hour and Thirteen Minutes.

CHICAGO, July 21.—Grover Alexander bested "Dutch" Reuther, star southpaw of the league in a pitching duel today, and Chicago shut out Brooklyn, 1 to 0, in a game which lasted only one hour and 13 minutes. Hollocher's single, Terry's infield out and a double by Grimes scored the only run. Hollocher hit three of the Cubs' six hits.

## Kalamazoo Race Meet Came to Close Friday

KALAMAZOO, Mich., July 21

—The last day of the Kalamazoo

Grand Circuit meeting was

given over to the pacers with

three events put over in fast

time.

The free for all pace with six

starters developed a real race be-

tween Jimmy McKerron, Hal Ma-

honey and Sir Roch. The Ohio

gelding took the first heat after

a hard drive with Hal Mahone

close up and the Dean entry in

last spot. The Ray entry repeat-

ed in the second, was chased to

the wire by Roy Grattan with

Sir Roch third and Hal Mahone

at the end of the string. Sir

Roch stepped out and took the

final mile, forcing Ray second

place with Hal Mahone in third.

Every heat was a real race be-

tween the leaders all the way

around. The race was paced in an

average time of less than 2:02.

Johnnie Quick and Logan Wood

were drawn at the close of the

second heat. Roy Grattan was

the favorite at the start.

Hal Bee the favorite in the

2:11 pace found the field any-

thing but soft and was forced to

give way to Henry Direct ex-

cept in the third heat when the

Nebraska mare finished in front.

The Sherwood came home second

in the opening heat but after

that was unable to stand the

speed. Hal Bee made several bids

to win on the stretch but Henry

Direct was able to uncork the

necessary speed to hold the

lead except in the final mile.

The 2:14 pace belonged to

Minerva Gentry, the favorite, all

the way. The Marvin Childs en-

try was the class winning three

straight while Fagan and Minnie

Williams were raced out in an

effort to head off the Gentry

mare.

It was the largest Friday

crowd that ever witnessed Grand

Circuit racing in Kalamazoo. The

attendance for the five days

meeting was a record breaker.

## IRREGULAR REACTION

## OF MARKET PRICES

**NEW YORK, July 21.**—Realiz-  
ing sales, such as usually accom-  
pany week end operations at this  
period of the year, and pressure  
from shorts, inspired largely by  
more menacing developments in  
the coal and railroad strikes  
caused an irregular reaction of  
prices in today's stock market.

Early quotations were mainly  
towards higher levels, but it be-  
came evident that the weight of  
offerings was in excess of buying  
power, save for a few of the  
more representative shares.

The latter were chiefly repre-  
sented by Atlantic Coast line and  
Louisville and Nashville, prop-  
erty more or less in financial trou-  
ble, in which gains of substan-  
tial proportions afforded a strik-  
ing contrast to the heaviness of  
other transportation. Steels and  
equipments were subjected to  
greater pressure later, when  
Pittsburgh reported a shut down  
at several of the big mills of fuel  
shortage and the eastern railway  
executives issued a "stand pat"  
statement.

Motors were hammered down  
in the last hour, heavy selling  
then centering on Studebaker at  
a net loss of 31 points and reac-  
tions of 1 to 2 points in related  
stocks. Sales amounted to 685-  
000 shares.

All of the day's call money  
loans and renewals into next  
week, were made at 4 per cent.  
Thirty to ninety day accommoda-  
tions continued to be offered at  
3 1/2 per cent.

Firmness again prevailed in  
foreign exchanges.

Liberty Issues again featured  
the bond market. The Secor-  
4 fours made a new top at \$100.70  
and new maximums were estab-  
lished by the First 4 1/2s at  
\$101.30, the Second 4 1/2s at  
\$100.98, the Third 4 1/2s at \$101  
and the Fourth 4 1/2s at \$100.54.

Total bond sales (par value)  
aggregated \$15,102,000.

**BRADSTREET'S REPORT**  
**TODAY WILL SAY**

**By Associated Press.**  
**NEW YORK, July 21.**—Brad-  
street's tomorrow will say:

Industry is more irregular,  
with the railway strike, and thru  
it the coal tieup throwing deeper  
shadows upon manufacturing in-  
terests whose needs for fuel is  
weekly becoming more pressing.

The refusal of the coal miners'  
union to accept arbitration has  
been a big disappointment to the  
country and this feeling has been  
accentuated by knowledge of the  
fact that the railway shomen's  
strike has been so conducted, by  
delaying both loaded and empty  
cars in transit as to derive essen-  
tial industries of badly needed  
fuel. Coal trade authorities re-  
port something like a scramble  
for fuel, with accompanying  
feverish price bidding for sup-  
plies, which has proved too big a  
burden for some of the less con-  
veniently situated consumers. So  
far the iron and steel trades have  
been hardest hit, especially in the  
neighborhood of the most strong-  
ly unionized mines.

Aside from the strikes the out-  
look is generally favorable, espe-  
cially as western crops have held  
all of their recent promise.

## LOCAL REALTORS HELD DINNER CONFERENCE

Listened to Interesting Address  
By Representative of State  
Realtors Association.

Emmett F. Wilson, executive secretary of the Illinois Realtors association, made a very interesting address to the local Real Estate association at their dinner at Central Christian church last evening. C. H. Story, president of the local association presided and an interesting discussion followed Mr. Wilson's address.

Mr. Wilson stressed the point of the need of every town for a strong real estate board. The real estate business, according to Mr. Wilson, is one of the most important under the sun. He went on to explain that the ethics of any vocation are very important and forms the basis of public judgment.

Continuing, he said: "The Illinois Realtors association stands for the very highest ethics which are explained by the Golden Rule and J. B. Whithead of Rockford, its president, is a man of admirable character. He gives his time at a loss to further the interests of the association, which means that he furthers the interest of clean real estate dealings."

"The matter of heavy taxes on real estate is one of the most pressing affairs to which the state association is giving its attention. Real estate in Illinois is now bearing 80 per cent of the tax burden. It is bearing over 75 per cent of the tax burden of the United States. The realtors' association, in a perfectly honest and above-board manner, brings pressure to bear on the legislators to remedy this evil, and in this manner aids every land owner in the state, and every real estate broker, whether he belongs to the association or not."

"A real estate man is a vital necessity to the community in which he lives. If a new industry is considering locating in a town who does it ask for an appraisal? The storekeeper? The doctor? Or the teacher? No! It asks the real estate broker, a man qualified by training and experience, a specialist in land values."

"A real estate board prevents price cutting. This is one of the greatest evils of business and is neither fair to the man who is being driven out of business, or to the community. The board fixes a standard commission for the broker, a fair recompense for the services he is entitled to by his knowledge and his work, and prevents the greedy man with more capital than his fellow man, from ruining his competitor. Any system that prevents some one from earning a deserved and living recompense is a danger and should be removed."

Mr. Wilson closed his address by the statement that a man's good name and clear conscience are his most valuable belongings. A man with a good name would not trade it for all the gold in the world. Organized realtors stand for the true ethics of their profession, selling their client his real estate for a fair price, seeing that he gets just what he wants and a fair deal generally. Realtors' associations stand for the honest men of the profession, and will not knowingly harbor land sharks or crooked dealers whose main consideration is their commission instead of their client's satisfaction.

A brief business session was held at the close of the excellent dinner served by the ladies of the church. A motion was made and passed that the dues be sent into state headquarters, thus qualifying the men as full fledged members of the "State Realtors' association. It was decided that the roll of charter members be left open until September. This will allow those who have not yet joined to become charter members if they join before that time.

The next meeting of the board will be held the third Thursday in August in the Chamber of Commerce rooms. Every registered real estate broker is urged to be present, whether a member of the board or not.

## WEDDINGS

DeGroot-Dixon.

The marriage of Miss Tillie May Dixon of this city to Jerry DeGroot of Chapin occurred at Kewanee last Saturday morning. The bride is the daughter of Mr. and Mrs. R. G. Dixon of 1331 Lorton street and has been in the employ of the Kressage Ten Cent store. She has lived in this city the greater part of her life.

Mr. DeGroot is the son of Mr. and Mrs. Herman DeGroot of Chapin and is well known and respected in that vicinity.

News of the marriage of the young people comes as a surprise to their friends. They went to Kewanee Saturday morning without announcing their plans to any one and were united in marriage by the Methodist minister there.

Mr. and Mrs. DeGroot are now visiting relatives in the Chapin vicinity but will return to Kewanee tomorrow and at once begin housekeeping there. Their friends unite in extending best wishes.

### STATE INVESTIGATORS ARREST MOTORISTS HERE

State Automobile Investigators W. A. Foreman and H. P. Harmon kept Jacksonville violators of the motor laws on the fly here yesterday when they brought over twenty to the police station. Most of them were released after giving satisfactory excuses but the penalties of cash fines were placed on eight of the violators.

The principal part of the law for which the majority of the eight were fined was for driving a passenger car or truck without a chauffeur's license. One man was fined for operating two cars on one set of license plates. The fines ranged from five dollars to twenty-five dollars, according to the seriousness of the offense.

### SEVERAL CARS OF ROAD OIL ARRIVE

The oiling of state aid roads will begin in Morgan county again after a delay due to non-arrival of several car loads of oil. One car came to the city yesterday over the Chicago and Alton and the same road delivered two at Woodson and one at Meredosia. Still others are enroute from Wood River, and the indications are that there will soon be plenty of oil on hand for use for some time to come.

At the time he thought that his right leg was "asleep" but the trouble grew worse and he was taken to his home where a physician attended him.

## HOWITZER COMPANY PREPARES TO LEAVE

Everybody on Edge in Anticipation  
of the Two Weeks in Camp  
—Squad Four Wins Honors in  
Competition Drill.

The various squads of the howitzer company participated in a very beautiful drill yesterday afternoon in the Armory. The squads, consisting of eight men were matched against each other for grace, snap and general drill routine. The winners were squad four consisting of Gabriel Fitzgerald, Franklin Upp, Joseph Cudzan, Joseph Correa, Leslie Cox, Earl Hale, James Borant.

The company now only lacks three men of filling its quota and Captain James hopes to leave the city with the entire company filled. Many recruits have been received since the men have been mobilized and it is hoped that at least three more will respond to the call.

All of the men are in the height of preparation today of the long trip to camp tonight. The company will leave at 2 A. M. for a two weeks stay in camp, for range practice and routine drill. The change will be welcome after the long stay in the armory.

It is only proper to mention the generosity of the Capps Factory officials, who continue to pay their men their salaries while they are under mobilization.

### LOCAL RESIDENT WEDS WAVERLY YOUNG WOMAN

The marriage of Albert J. Spires of this city and Miss Nelle Nunnelly of Waverly took place in East St. Louis Tuesday evening, July 18. The ceremony was performed by Rev. J. B. Johnson and took place at the home of O. J. Spaenower, the bride's brother. The only witnesses to the ceremony were Mr. and Mrs. Spaenower and Mr. and Mrs. Russell Thorne of St. Louis.

Mr. Spires is a son of Mrs. M. Jameson of this city and has for the past few years been engaged in electrical work in Waverly. In recent weeks he has returned to the city and is now employed by the Ward Book bindery.

Following a brief visit with relatives in Waverly the young people will come to this city to begin housekeeping.

### FAR AWAY TRAVELERS

There passed thru the city yesterday an interesting auto load hailing from Scott, Bluffs county, Nebraska. They were Mr. and Mrs. Scott Darnall, Miss Mattie Pattison and Misses Gladys and Lilly Darnall. Mr. and Mrs. Darnall had evidently brought up their family to be useful as well as ornamental for they sat at ease on the rear seat of the auto while the young ladies most capably managed the wheel.

They were prepared with camping outfit and the life had certainly agreed with them. They were very pleasant people whom it was a delight to meet and the reporter wished them bon voyage as they sped away to their destination, Windsor, Mo.

### SHILOH AID MEETS

WITH MRS. LEO BOURN

The July meeting of the Shiloh Ladies Aid society was held Thursday afternoon with Mrs. Leo Bourn at her home north of the city. A large attendance of members guests and children were present.

Mrs. Ethel Bourn and Mrs. Olive Black led the devotionals. Roll call was answered by telling "Where and how the Fourth was spent." After the business had been duly discharged, Mrs. Luella McGee presented a paper on "The Mysteries of the Cloudlands."

During the social hour the hostess served delightful refreshments. Among the guests were Mrs. Will Moss and Miss Dorothy Bourn, Jacksonville; Mrs. B. F. Strickler, Concord; Mrs. John Fitzsimmons, Mrs. Orville Moss and Miss Alma Lindsay.

The next meeting of the society will be held one week later, August 24, with Miss Helen Fitzsimmons, in order not to conflict with the Jacksonville chautauqua.

### ROTARIANS HEARD VARIED PROGRAM

Six Guests Made Brief Talks—Music Program Followed—Address by W. H. Marbach.

The Rotary club at the Friday luncheon at the Pacific hotel had an unusual number of visitors. The list included Ralph Simpson, Peoria; Ralph Dempsey, Frank Beyer, and D. James Rahn, all Rotarians of Pekin; Louis Lowenstein, White Hall; J. A. Young, Glasgow; Albert McClay, Hillview; and Dr. C. E. Cole, Jacksonville. After a program of mass singing a group of violin numbers was given in artistic way by Miss Anna Frances Bradley, her accompanist being her sister, Miss Ruth Bradley.

The visitors gave a symposium of talks and then W. H. Marbach presented some very interesting facts about the Daily Vacant Bible school. Mr. Marbach said the average attendance here was 230 and that those who had seen the work of the school could attest it had been a success. He described in a brief way what movement means and it is one which Rotarians are interested in cause of their own connection with its work.

A great many Rotarians are absent from the city just at this time but the Friday meeting was one of the most interesting of the summer season.
